

Explanatory notes

Areas highlighted in Yellow are required for Forest Management Plan (FMP) general purpose and are a CERTIFICATION REQUIREMENT

Areas highlighted in Pink are NOT A FSC REQUIREMENT, but should be completed where applicable for FMP general purpose

Listed below are sample data for completing some of the sections of the FMP

Unique Forest Management Plan ID (FMP-ID) - to be assigned by Forest Service - generated by system when plan is created.

Unique Management Unit ID (MU ID) - to be assigned by Group Manager - consisting of the format Year-County Code-Number (eg 17-WW-001)

GPC (Where Relevant - Post-2010)	Forest Type	Land Use	Mixture	Origin	Planned Activities ¹⁾	Thin Regime	Rotation Type	Timing	Access	Reforestation Objective
GPC 1 – Unenclosed	BHF	BARE	Pure	A (Affor)	Aerial Fertilisation *	Standard	MMAI	Summer	Adequate	CF
GPC 2 - Sitka spruce / lodgepole pine	CHF	BLOWN	Intimate	R (Refor)	Drain Repairs	Reduced	Standard	Winter	Inadequate	BF
GPC 3 – 10% Diverse Conifer	COP	BURNED	N_Int	N (Nat Regen)	Fence Repairs	No Thin	Reduced	All Year		MF
GPC 4 – Diverse Conifer	MHF	MISC			Fertilise	Solitary	Technical			CCF
GPC 5 – Broadleaf	NON	SCRUB			Firelines		Extended			Bio
GPC 6 – Oak		WLOG			Harvesting *		CCF			Other
GPC 7 – Beech		TUP			Inventory					Defor
GPC 8 – Alder		UNDEV			None					
GPC 9 – Native Woodland Establishment (Scenario 1- 3)		WATER			Other					
GPC 10 – Native Woodland Establishment (Scenario 4)		SWAMP			Paths					
GPC 11 - Agro-forestry		FORESTS			Protection					
GPC 12 – Forestry for Fibre					Pruning					
NTA 1 - Native Tree Area Scheme 1					Road Construction *					
NTA 2 - Native Tree Area Scheme 2					Road Repairs					
FT 1 - Native Forests					Shaping					
FT 2 - Forests for Water										
FT 3 - Forests on Public Lands										
FT 4 - NeighbourWoods										
FT 5 - Emergent Forests										
FT 6 - Pure Broadleaves - oak or beech										
FT 7 - Other Broadleaves										
FT 8 - Agroforestry										
FT 9 - Seed Orchards										
FT 10 - Continuous Cover Forestry										
FT 11 - Mixed High Forests with conifers and broadleaves										
FT 12 - Mixed High Forests with spruce and FT 1 - broadleaves										

*) Subject to licence before commencing operation

WORK PLAN:

Short Term Plan (Year 1- Year5) should contain detailed plan of activities for each compartment/subcompartment. Substitute actual YEAR for Year 1, Year 2 etc.

Medium Term Plan (Year6-Year10) can be less specific when detailing planned activities.

Long Term Plan (Year 11-20) describes long term goals. Can be less specific. Could contain information on felling year, or roading operations, etc.

¹⁾ Completion of Work Plan should give actual YEAR for Year1, Year2, etc. (e.g. 2024, 2025 etc.)
